

# Foundational Partnerships

## Working Together for Kingdom Advancement

This event is designed to help churches, TMS Global staff, and cross-cultural workers set the stage for working together effectively. Attendees will learn to set up structures that will support and sustain workers as they launch and throughout their time of service, leading to long-term success and health.

We invite all approved cross-cultural workers, their Home Team leader, pastor, and mission team leader or missions pastor to attend this 24-hour event. At this training, TMS Global will provide vision for what a deep partnership looks like and practical steps on how we can live that vision out together. We will also hear from cross-cultural workers and church and Home Team leaders about the ways partnership has been transformational in their ministries.

**Location:** TMS Global, 6234 Crooked Creek Rd, Norcross, GA
