

Mission Partner Debrief Guide

Debriefing is a semi-structured conversation built around questions for the purpose of obtaining information. The questions below are a guide and can be modified to meet the needs of a local church.

1. Was the pre-GIC correspondence and communication clear and thorough?
2. Did it properly prepare you for your participation in our GIC?
3. Was the timing of the correspondence about right, too early, or not soon enough?
4. What could we have done to make the hosting arrangements better for you?
5. What are your feelings about the pace of the weekend?
6. Do you think the church members made good use of your display table?
7. Describe the degree to which you were able to connect with various members of our congregation.
8. Evaluate your time spent with the children.
9. Evaluate your time in the Sunday school classes.
10. What, in your opinion, were the stronger points of the Global Impact Celebration?
11. What, in your opinion, were the weaker points of the Global Impact Celebration?
12. From a mission partner's perspective, what would you suggest we do differently for next year's Global Impact Celebration?

Notes:
